EXPERIENCE

14 WEEKS

CRAIG ROBINSON VETS LTD – MIXED PRACTICE

I have gained a huge amount of experience at this practice. I have been given opportunities to complete routine surgery, interact with clients regularly, complete routine vaccination consults and observe complex medical case work-up, attend herd health visits, emergency farm calls and equine vettings. I feel my time at this practice has provided me with a wealth of experience which I will be able to draw on constantly during my time as a new graduate.

2 WEEKS

CAPONTREE VETERINARY PRACTICE – MIXED PRACTICE

My time here focused largely on small animal practice, I was able to discuss consultation outcomes in detail with the veterinary surgeons and observed some ethical decision-making which I feel allowed me to truly appreciate the importance of the vet-client relationship.

Volunteer Leader with Girlguiding UK (6 years)

Vet School Netball Captain 2019-2021

GASPS President (Glasgow Academic Student Peer Support)
